To whom it may concern,

I hereby confirm Antalis International is certified in compliance to the following standards for Purchase, in-house and outsourced warehousing, sale and distribution of paper as FSC mixed, FSC pure or FSC recycled using a transfer system:

FSC-STD-40-004V2 Standard for COC Certification - November 2007,
FSC-STD-40-003 V1 Standard for Multi-site Certification of Chain of Custody
Operations June 2007.

Our new certificate, SGS-COC-007953 replaced the former certifications for Antalis Limited, TT-COC-002026 and James McNaughton Group SGS-COC-002101 on 13th August 2010 and will be due for renewal on 12 August 2013. Our FSC license code is C101533.

The products listed in this document are all certified in accordance with the Forest Stewardship Council (FSC) and the individual product claim, group and label is shown in this document.

If you have any questions please don't hesitate to call me directly.

Yours faithfully,

Matthew Botfield

Notes

Some products may have only recently gained FSC certification. These products leaving the producing supplier or mill are FSC certified but due to the stock complexity of providing our supply-on-demand service, some of the products from our warehouses may still be uncertified. Please check the product description for the FSC claim before ordering.

- ° Conqueror Connoisseur Fine Wove is FSC certified as per note¹, but Conqueror Connoisseur 100% Cotton is not FSC certified, being manufactured from Cotton and not from timber.
- ¹ Black Label was PEFC certified until September 2011, after which the Paper Mill change the certification to FSC. In the interim period whilst Antalis McNaughton received FSC certified deliveries into and stock and sells out PEFC certified current stock, Antalis McNaughton removed the PEFC claim from the Black Label product descriptions and therefore Black Label had no PEFC or FSC claim. The FSC Mixed Credit claim was added to the Black Label products when all PEFC certified stock had sold out of all Antalis McNaughton warehouses. Always check the invoice and delivery note before using the FSC or PEFC trademarks with Black Label.

Invoices & delivery notes - product claim index

On the Antalis McNaughton and GM2* Delivery Notes, the products are described with two 40 character lines which is printed consecutively (1 line) on the invoice and in parallel on delivery notes. The maximum number of characters we can use is 80. Until recently, we were able to fit the entire complete FSC claim within the product description, so this index enables us to show the complete claim on our paperwork.

The index is printed on all invoices and delivery notes in full. The abbreviation is included in the individual product line. For example FSC3 is used for FSC3 - FSC Mixed<70% (meaning 70% or more).
